## Environment Committee Supplementary Agenda 6 March 2023

### 20. Sandling Village Green

Cllr Hinder has secured a CIL ward members grant for a new planter seat and 2 other planters for Sandling Village Green. A new noticeboard and bench to replace the existing worn ones could be taken from the Street Maintenance budget of £7,500 to complete the project. Options and details below.

**Greenbarnes**

Made with recycled materials and minimal maintenance.

**2-bay, 4 x A4 Man-made Timber noticeboard (Ref: PDN)**

From: £977.45 (excl VAT)

2-bay, 4 x A4, external, lockable, Man-made Timber notice board, portrait format, glazed. Can be wall, post or railing-mounted. Overall dimensions 1270mm wide x 848mm high. Display dimensions 453mm wide x 682mm high per bay. Display capacity 4 x A4 sheets in portrait format per bay.

When it first launched over 20 years ago, the PDN offered a radical alternative to what might be viewed as the archetypal timber built village noticeboard. These days it has pretty much become the archetypal village noticeboard! Its popularity is not, however confined to parish and town councils; this board is also a firm favourite with churches, schools and a host of other users too.

SKU: PDN  
 Categories: External Noticeboards, Man-Made Timber Noticeboards

With a proven track record now in excess of 20 years and offering a genuine, low-maintenance alternative to traditional timber notice boards, the extensive Greenbarnes range of Man-made Timber noticeboards combines the benefits of modern materials with tried and tested detailing. Manufactured largely from recycled plastics, these boards have a convincing timber appearance but require none of the regular maintenance that is required by timber equivalents.

Standard specification includes:

- Man-made Timber (recycled plastic) frames and ABS back panels
- Dark brown textured finish with the appearance of wood
- 4mm polycarbonate glazing
- Integral weatherseal and ventilation
- Stainless steel piano hinges
- Lockable (glazed bays)
- Self-healing rubber pinboard

Each Man-made Timber noticeboard is hand-built by our skilled craftsmen to the same exacting standards that apply to our oak boards and with purchase costs now similar to equivalent oak boards in the majority of cases and the lack of ongoing maintenance costs, these boards have become increasingly appealing to those with an eye to the "whole-life" cost of ownership. Modular construction also ensures that, in the event of damage such as impact by vehicles, it is possible to replace individual components rather than the whole board.

Options include:

- Choice of 5 alternative display materials
- Glazed bays can be supplied with latch for public access
- Choice of lettering styles
- Available for wall, post or railing-mounting
- LED lighting (glazed bays only)
- Dedication plate

\*Please note that colours shown are subject to the limitations of on-screen reproduction and should be used as a guide only. Due to the recycled content used in production, the appearance of Man-made Timber can vary very slightly from batch to batch. Samples are available on request.

### Specification requested for quotation

Display panel – self healing pinboard (Standard)

Lock with square insert ( Standard)

Straight pattern header (67.30)
