Item 5. Dove Hill Allotments. – for information and decision.

5.1 Bob Hinder's Allotment Report May 2016. FOR INFORMATION

A verbal update will be given at meeting.

5.2 Pest Purge Report. FOR INFORMATION

Dove Hill Allotments – Pest Activity Report Period April 2016-May 2016

Rats:

16 bait stations remain on site, 14 of them with a nontoxic bait to monitor rodent activity; the attractant being used is Nara Bloc – Meat and Fish. (These are rubber blocks which smell strongly of these food types, and are regularly checked for signs of nibbling which would indicate that rodents are active). Two of the bait stations have been baited with rodenticide as I was asked to investigate some rat droppings found at one of the plots and some holes at another. At the first plot where the droppings were found rodent activity has ceased. The rodenticide has now been removed. The other plot is still being baited nearby at the present time as a preventative measure.

All the plot holders I have spoken with indicate that there has been very minimal pest activity, apart from the odd mouse hole being found occasionally.

No rats were seen during an evening shooting session on 23-5-16

Rabbits:

The rabbit shooting is confined to within the perimeter of the allotments; no rabbits were seen or shot on 23-5-16 within the perimeter. On walking towards the allotments up the track, six rabbits were seen during my visit and four were seen in the field next to the allotments. Should the rabbits in these two areas go unchecked, they may eventually start burrowing in as their numbers increase. At the moment there are no breaches to the perimeter fencing. The Parish Council could approach the owner of the field next to the plots and seek permission for me to shoot rabbits in that field during my visits. (The owner sometimes grazes sheep in there, but this in itself is not a problem as I am used to shooting rabbits on land where sheep are regularly grazed.) The next shooting session will take place in July 2016.

5.3 Allotment Fees – Review. This item was deferred from the December meeting to allow members to review the charges and decide whether to increase or let them remain at their present rate.

5.4 Allotment Working Group. Cllr Lynn Clarke has asked to join the working group committee.

6. Burial Ground

Item 6.1 Members are informed that a grounds maintenance machine recently damaged a headstone in the burial ground. The family were informed and apologies were given for the distress caused. Arrangements currently being made to undertake a site visits member of the family and the stonemason insurance claim can be made against Landscape services. An update at the meeting.

Item 6.2 Some years ago Row L in the burial ground was removed from the burial plot plan, by the then Church Liaison person. This decision was taken due to the problems in digging the graves, damage to tree roots, a nettle bank and over hanging branches from the neighbouring trees. The neighbouring bank used to be full of nettles and whilst this is now under control the original lack of burials in row L meant that there was an informal path down that side of the burials, although a person might need to duck under some branches. Row L is very close to the boundary, see photographs and a plot burial plan is included as an enclosure.

Unfortunately, it appears that the church supplied the current liaison officer with an old plot plan and there has been a burial in L1. Should members wish to continue using row L then it would require a review of the situation regarding overhanging branches, an investigation as to whether the trees are covered by TPOs, identification and discussion with the landowner and it is likely that the parish council would have to pay for any work that it considers is needed. Whilst there are a couple of small trees on the bank, and within the parish council's land, the majority of the overhang will come from trees outside the boundary. The trees are outside the Boxley Village Conservation Area. Members who are able may wish to undertake a site visit before the meeting and the office will undertake a site visit to identify the trees and obtain more up to date photographs for the meeting.

7. Installation of Beechen Hall Noticeboard- DECISION.

KCC has advised the parish council that as there are utilities under the verge it was not advisable to dig there. This was known by the office and arrangements would have been made to hand dig the holes and a cat scan was undertaken last year so the whereabouts of electricity cables have been noted. KCC have now confirmed that there would be no fees for installing the noticeboard, however it has stipulated that it will need to be placed further back on the verge and possibly out of the sightline of motorists and passers-by. They have also indicated that because of recent complaint by the council regarding illegal signage along the verges surrounding Roundwood roundabout that planning permission may be applicable for this sign. The assistant clerk is currently liaising with MBC to determine this.

Item 10 Beechen Hall Extension – *PURPOSE OF ITEM FOR CONSIDERATION AND DECISION*

Members have received a comprehensive report which has been produced by the office and Councillor Dengate. Further amendments were made to the cost analysis from April's meeting, which has been forwarded to members. The purpose of the report is for members to consider and make an informed decision based on the information contained within the report on what further action to take and whether to make a recommendation to F & GP committee and ultimately the Parish Council to proceed with the proposed extension.

Item 11 Policies & Procedures – *PURPOSE OF ITEM FOR CONSIDERATION AND DECISION*

11.1 Staff pay rises and any need to amend hours. Members requested this item was brought back to the June agenda.

In June 2015 the committee decided

Minute. This item was brought forward to follow item 7 whilst the Clerk was still present to answer any questions. Members considered the spreadsheet detailing the financial impact of creating and maintaining a pay buffer zone between the minimum wage and actual staff pay.

After consideration it was unanimously **agreed** that in the first year a 5% buffer zone and the second year a 7.5% buffer zone is implemented. At this point Cllr Vic Davies left the room as he had declared an interest and the remaining councillors unanimously **agreed** to a 3% buffer zone in the first year and 5% buffer zone in the second year for the WDJ Litter Picker. In both cases the first year's increase will be backdated to 1 April, 2015. **Action Clerk.**

Since this decision, and effective from 1 April there is a National Wage which matches the basic hourly rate paid to the caretakers and so the planned 7.5% buffer zone has disappeared. The tables below show what the buffer zones would be based on the current rate of pay and minimum living wage.

Member's identified that whilst they aspired to paying a living wage it currently was not felt possible to do so. It was **agreed** that the next meeting would give consideration to creating and maintaining a buffer between the minimum wage and the actual pay. Members' indicated that they would wish any agreement to be back dated to 1 April 2015.

Currently the National living Wage as it is now known is £7.20 per hour.

The Enhanced rate was traditionally time and a half of basic rate but it is now slightly higher than this. The current difference between minimum wage and enhanced rate is approximately 65%.

Members asked for options on the financial impact of different buffer zones.

| Table 1 |
|------------------------|
| Current Basic Pay rate |
| Caretakers |
| £7.20 (Basic) |

| | Buffer Zone Options | | | | |
|--------------|---------------------|------|------|--|--|
| Minimum wage | 5% | 7.5% | 10% | | |
| 7.20 | 7.56 | 7.74 | 7.92 | | |

The following figures are based on retaining the 65% difference between the current basic and enhanced rates of pay.

| Table 2 | | | |
|----------------------|--|--|--|
| Current Enhanced Pay | | | |
| Rate Caretakers | | | |

| 5% | 7.5% | 10% | | |
| 12.20 | 12.49 | 12.78 | | |

The parish council also employs a litter picker and they are paid at a lower rate than the Caretakers.

Members will need to consider whether the responsibilities of the position are comparable to that of the Caretaker. *Clerk's opinion: the two roles are not comparable.* If members consider that they do wish to operate a similar buffer zone then table 1 is relevant.

If however they wish to consider a lower percentage of buffer zone options then these are presented below.

10.2 Village Hall Grant Policy to review

Estates Committee

Village/Community Hall Grants Procedure/Policy

In order to work prudently, obtain 'best value' and to be a responsible grant provider Boxley Parish Council's Estates Committee is setting a standard for considering and awarding grants to Village/Community Halls. Whilst the Parish Council wishes to continue to actively support the Village/Community Halls within the Parish it feels that it is essential to require applicants to meet a minimum standard covering project planning and supply of information. By undertaking this work the Parish Council can plan with Village/Community Halls adequate funding in advance of the project being committed to.

Policy

A grant is any payment or gift made by the Council to an organisation for a specific purpose. The law requires that Section 137 grants must be "in the interests of or will directly benefit the area or its inhabitants, or of part of it, or of some of it" and "the direct benefit should be commensurate with expenditure." Similar considerations will apply when considering applications for other grants.

Boxley Parish Council policy is that

- Grants for maintenance will only be considered in exceptional circumstances as it considers that the day to day maintenance of the hall should be covered by the hire fees or fund raising.
- Village/Community Hall Management Committees will be required to show, for large scale projects costing over £3,000 that it is applying for funding from other sources; has undertaken fund raising events or has been saving towards the project. The Parish Council will be happy to assist the Committee to identify other funding sources.

- The Parish Council will only award up to 80% of the cost for essential repairs or renewals (e.g. windows, fire doors etc).
- For projects costing £3,000 £10,000 the Parish Council would require the Management Committee to obtain 3 written quotations and for projects costing over £10,000, 5 written quotations should be obtained. The Parish Council reserves the right to request proof of the tender process.
- VH Management Committees will be required to liaise closely with the Parish Office so
 where possible the Parish Council can order the work and gift it to the Village Hall which
 will enable VAT to be reclaimed. This will increase the value of the grant given to the hall
 by the rate of VAT.
- Unless a schedule of payments has been agreed in advance by the Parish Council funds will only be released on completion of the work
- It would be advantageous to notify the Council if the VH Committee has undertaken any other projects in the recent past.

The Parish Council recognises that most halls are run by volunteers and will be happy to assist/advise VHMCs on how to meet these standards.

At the Estates Committee meeting in October or December the Committee will consider individual grant requests from Village/Community Hall Management Committees for specific projects in the following financial year so that provision can be made in the budget recommendation to the Parish Council.

An additional budget will also be identified from which other grant requests will be allocated in the current financial year. A maximum award of £500 for such unplanned applications will be considered. Once the additional budget is exhausted only emergency requests for assistance, and generally only from organisations where the Parish Council has Custodial Trustee status, will be considered.

All organisations requesting assistance will be required to complete an application form which will include notification of the Parish Council's Equal Opportunities Policy. Village/Community Hall Management Committees will have to sign that it agrees with the policy or submit details of their own policy. Management Committees should also agree to representatives of the Council being given the right to inspect the work on completion.

Application Procedure

Organisations requesting financial assistance will be requested to submit:

- A completed application form.
- Copies of their last year end accounts.
- Copy of current hire fees with an explanation of any unusual agreements where a group pays less than normal.
- Details of any restrictions placed on who can hire the hall.

A grant request, once received in writing, will be considered at the next meeting of the Estates Committee and the Estates Committee reserve the right to inspect the required work before a grant is agreed.

Each application will be assessed on its own merits. However, to ensure as fair a distribution as possible of available funds, the Council will take into account the amount and frequency of any previous awards. Due account may also be taken of the extent to which funding has been sought or secured from other sources or fund raising activities.

Successful Applications

Organisations receiving grants are required to advise their users/members that the grant or equipment had been received from Boxley Parish Council.

Where equipment is gifted to an organisation, the parish council requires that it be insured and maintained at the expense of the user.
